Enrollment Management Trends: Summer Facts at a Glance
Report compiled November, 2014

This report consists of a 5 year demographic study for Summer terms. The demographic data pages present actual UHCL certified data extracted from a PeopleSoft query for inclusion of each student's most current Academic Plan record. Student level data uses a CBM-001 extract and SCH information is derived from the CBM-004 course report. If variance exists when comparing these figures to other previously published reports, it is important to note that these data may follow a different methodology. Totals by school and classification have all been verified with actual certified THECB reports for accuracy. For questions please contact OIE. Thank you.

¹ Beginning Summer 2010 Ethnic groups were changed by THECB to: White, Black, Hispanic, Asian, American Indian, International, Unknown, Native Hawaiian/Pacific Islander and Multi-racial.

² First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time. A "No" for this variable would indicate a continuing or returning student.

³ Residency represents the county, state, or foreign country of which the student is a resident as identified by the student as his/her permanent address at the time of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.

⁴ Tuition status indicates the status of the student for tuition purposes. Beginning Fall 2006 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.

¹ Beginning Summer 2010 Ethnic groups were changed by THECB to: White, Black, Hispanic, Asian, American Indian, International, Unknown, Native Hawaiian/Pacific Islander and Multi-racial.

² First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time. A "No" for this variable would indicate a continuing or returning student.

³ Residency represents the county, state, or foreign country of which the student is a resident as identified by the student as his/her permanent address at the time of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.

⁴ Tuition status indicates the status of the student for tuition purposes. Beginning Fall 2006 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.

¹ Beginning Summer 2010 Ethnic groups were changed by THECB to: White, Black, Hispanic, Asian, American Indian, International, Unknown, Native Hawaiian/Pacific Islander and Multi-racial.

² First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time. A "No" for this variable would indicate a continuing or returning student.

³ Residency represents the county, state, or foreign country of which the student is a resident as identified by the student as his/her permanent address at the time of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.

⁴ Tuition status indicates the status of the student for tuition purposes. Beginning Fall 2006 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.

¹ Beginning Summer 2010 Ethnic groups were changed by THECB to: White, Black, Hispanic, Asian, American Indian, International, Unknown, Native Hawaiian/Pacific Islander and Multi-racial.

² First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time. A "No" for this variable would indicate a continuing or returning student.

³ Residency represents the county, state, or foreign country of which the student is a resident as identified by the student as his/her permanent address at the time of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.

⁴ Tuition status indicates the status of the student for tuition purposes. Beginning Fall 2006 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.

¹ Beginning Summer 2010 Ethnic groups were changed by THECB to: White, Black, Hispanic, Asian, American Indian, International, Unknown, Native Hawaiian/Pacific Islander and Multi-racial.

² First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time. A "No" for this variable would indicate a continuing or returning student.

³ Residency represents the county, state, or foreign country of which the student is a resident as identified by the student as his/her permanent address at the time of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.

⁴ Tuition status indicates the status of the student for tuition purposes. Beginning Fall 2006 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.

¹ Beginning Summer 2010 Ethnic groups were changed by THECB to: White, Black, Hispanic, Asian, American Indian, International, Unknown, Native Hawaiian/Pacific Islander and Multi-racial.

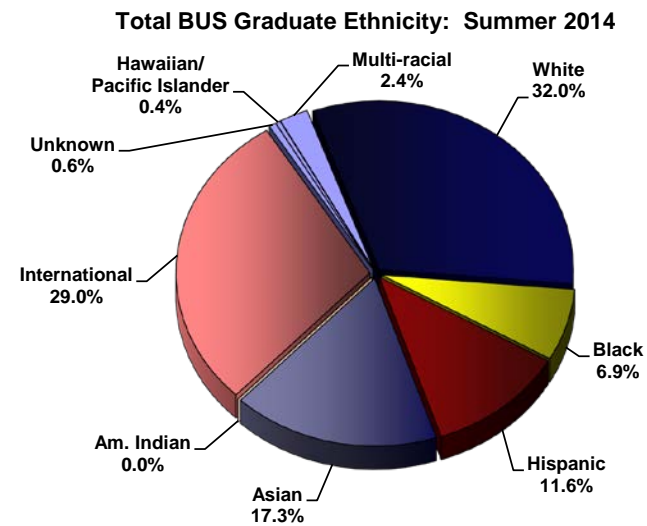

² First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time. A "No" for this variable would indicate a continuing or returning student.

³ Residency represents the county, state, or foreign country of which the student is a resident as identified by the student as his/her permanent address at the time of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.

⁴ Tuition status indicates the status of the student for tuition purposes. Beginning Fall 2006 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.

Figure 16: Total UHCL Undeclared Majors (UND)

For Non-Declared Majors a table for totals is provided, however data will not be aggregated by graduate and undergraduate as the THECB has mandated that all graduates must be assigned a major as of Fall 2006. Further, for this report all semester credit hours are generated using the CBM-004 course report which incorporates each rubric into a an assigned school; therefore, there are no undeclared SCH to report.

¹ Beginning Summer 2010 Ethnic groups were changed by THECB to: White, Black, Hispanic, Asian, American Indian, International, Unknown, Native Hawaiian/Pacific Islander and Multi-racial.

² First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time. A "No" for this variable would indicate a continuing or returning student.

³ Residency represents the county, state, or foreign country of which the student is a resident as identified by the student as his/her permanent address at the time of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.

⁴ Tuition status indicates the status of the student for tuition purposes. Beginning Fall 2006 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.

Classification	Undergraduate or Graduate based on item5 of the CBM-001 report. Junior and Senior level students, as well as Post-Baccalaureate students are coded as Undergraduates. Master's Level - a student possessing a baccalaureate degree or the equivalent and admitted to an approved master's degree program at the institution. Doctoral students are not applicable for this report and will be reported at a later date in the Graduate category.
Gender	Gender. Enter the gender of the student. M = Male F = Female
Status	Full-time (12 or more semester credit hours for Undergraduates) or Part-time (less than 12 semester credit hours for Undergraduates). Full-time (9 or more semester credit hours for Graduates) or Part-time (less than 9 semester credit hours for Graduates). The Semester credit hours reported for each student on the CBM-001 were recoded using an spss syntax.
Ethnic Origin	Ethnic Origin. Enter the code indicating the ethnic origin of the student. 1 White-Non-Hispanic 2 Black-Non-Hispanic 3 Hispanic 4 Asian 5 American Indian or Alaskan Native 6 International 7 Unknown or Not Reported 8 Native Hawaiian/Pacific Islander 9 Multi-racial

Figure 17: Data Definitions

Ethnic Origin continued	<p>NOTE: In order for pie graphs to display properly values 5 and 8 are shortened to "Am. Indian." and "Hawaiian/Pacific Islander" International denotes a person who is not a citizen or permanent resident of the United States and who is in this country on a temporary basis and does not have the right to remain indefinitely.</p> <ul style="list-style-type: none">a) Even though a student is allowed to pay the "Resident Tuition" rate due to a waiver (coded 'E' in Item #7), report with the international code.b) Report the ethnicity of students who were coded 'A' in Item #7.c) Continue to report students who have applied to or have a petition pending with the Bureau of Citizenship and Immigration Services and students who base their residency on visas that allow them to domicile in the U.S. as international students.d) Unknown or Not Reported: The unknown classification should only be used if the student has not selected a racial/ethnic designation and the institution finds it impossible to place the student in one of the categories during enrollment, post-matriculation, or verification processes.
First Time or Transfer	<p>First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time.</p> <p>A "No" for this variable would indicate a continuing or returning student.</p> <p>Examples:</p> <p>A student from UHCL graduates as an undergrad and enters a graduate program at UHCL for the first time, then the student would be coded 000001 (entering a graduate program for the first time). The student is not a transfer.</p> <p>If a graduate student transfers from WTSU and enrolls into a graduate program at UHCL and is entering UHCL for the first time, then the student would be coded with WTSU's FICE code as a transfer student.</p>
Residency	<p>Residency represents the county, state, or foreign country of which the student is a resident as identified by the student as his/her permanent address at the time of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.</p>

Figure 17: Data Definitions

Age category	This item is calculated using item6 (date of birth) on the CBM-001 report. The item is then recoded into a year and the birth year is subtracted from the reporting year to obtain age for the student. This methodology differs from previously published OIE reports and has been made simpler due to avoid mis-coding issues and provide more consistent data.
Tuition Status	Tuition status indicates the status of the student for tuition purposes. For Fall 2006 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.
Semester	The total number of credit hours attempted by students for the current semester using the CBM-001 report.
Credit Hours (SCH)	This item was recoded into categories for easier trend analysis of student load.
SCH by Location	<p>This item was derived from the CBM-004 course report - data on the CBM-001 vary and as such the CBM-004 was used to calculate this figure since funding is based on the course report, not the student report.</p> <p>Location Code. Enter the code for the location at which the course is taught.</p> <ul style="list-style-type: none"> 0 On-Campus 1 Off-Campus (regular) - Other locations not listed below 3 Out-of-State 4 Foreign Country 5 Correctional Institution - Courses taught in a correctional institution in Texas by a public institution of higher education 6 Institution of Higher Education - Courses taught on the campus of another institution of higher education (including community colleges, MITCs, university centers, private universities, and other specific locations identified in the Multi-Institution Teaching Centers discussion in the introductory section of the CBM004) 7 Military Bases - Courses taught on a military base 8 Primary or Secondary School - Courses taught on the campus of a public or private primary or secondary school 9 Individual Instructional - Courses delivered through Instructional Telecommunications to individuals via the Internet, videotape, or live broadcast delivery systems or students in "individual instruction classes" which are located off-campus. (see definition in the introductory section of the CBM004) B Business, Government, or Other Work Location - Courses taught at such entities <p>According to the THECB, all items except for "0" are considered off-campus. An spss syntax recoded this variable to create on-campus and off-campus SCH as certified on the CBM-004 course report.</p> <p>SPSS syntax: EXECUTE .</p> <p>IF (item8new = 0) oncampSCH = item102 . IF (item8new ~= 0) offcampSCH = item102 . EXECUTE .</p>

Figure 17: Data Definitions

Not Funded	The number of students enrolled in this section whose undergraduate semester credit hours attempted exceed
SCH Not Funded (45+ rule)	the state funding limit (degree program plus 45 SCH) for students who initially enrolled Fall 1999 and subsequent terms until Summer 2006.
SCH Not Funded (30+ rule)	The number of students enrolled in this section whose undergraduate semester credit hours attempted exceed the state funding limit (degree program plus 30 SCH) for students who initially enrolled Fall 2006 and subsequent terms.
3-Peat	Includes the number of students who have attempted the same course three or more times and are not eligible to be claimed for state funding. Also include the number of students who are solely registered for physical education or related courses and not allowed to be reported for state funding.
