Distribution of Course Sections by Class Size and Average Organized Class Size
by College and Student Classification: Fall 2012 - Fall 2016

Definitions:

Organized small classes are undergraduate classes with less than 10 registrants or graduate level classes with fewer than five graduate registrants. The primary types of instruction of an organized class are lecture, laboratory, or seminar. Any composite or cross-listed section having both undergraduate and graduate level courses will be treated as an undergraduate class, and will be defined as a small class if there are fewer than ten total registrants in the class. Any graduate level section, whether composite, cross-listed, or individual, with less than 5 graduate level registrants and a total enrollment of fewer than ten registrants will be considered a small class. Small classes currently generate state funded hours. Special Note: If your course was miscoded (i.e., you listed it as a lecture rather than an individualized or thesis course--your average class size will be lower than it should be. Courses with 3 or fewer students were excluded for this purpose.

NOTE TO DEANS: Please use the technical notes section if you wish to do further calculations on selected courses - information is provided for your convenience and placed on Deans public OIR folder. Thank you and please contact OIR if you have any questions.

Key: Num = Total number of organized class sections

Enrl = Total duplicated enrollment in organized class sections

Avg = Average organized class size (Enrl / Num)

TERM(S)

Note: - This report consists of a 5-year demographic study for Fall terms. The demographic data pages present actual UHCL certified data extracted from a PeopleSoft query for inclusion of each student's most current Academic Plan record. Student level data use a CBM-001 extract, and SCH information is derived from the CBM-004 course report. If variance exists when comparing these figures to other previously published reports, it is important to note that these data may follow a different methodology. Totals by school and classification have all been verified with actual certified THECB reports for accuracy.

Note:

[1] Residency represents the county, state, or foreign country in which the student is a resident as identified by the student as his/her permanent address at the time
of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.

[2] Tuition status indicates the status of the student for tuition purposes. Beginning Fall 2006 new measures were implemented to provide a greater level of accuracy for this variable.
However, this variable is not a reliable indicator for how tuition may have actually been charged to students.

**Salary Computations are based on the specifications outlined in the CBM008 section of the THECB
REPORTING and PROCEDURES MANUAL for Texas Public Universities - Fall 2007**

Salary Computations are as follows as printed in the THECB Reporting Manual:
1. Sum the percent of time assigned for all appointments (Items #13A-13E). Do not include the percent of time of any flex-entry appointment.

2. Sum the salary amounts for all funds (Items #14A-X), excluding the overload (Item #14Z) and flex-entry (Item #16) salary items.

3. Divide the total percent of time assigned for all appointments (step 1) into the sum of all salary amounts (step 2),
giving a full-time equivalent (FTE) salary for all appointments. Double this amount to yield a nine-month FTE salary amount.

4. Summarize the FTE salaries (results of step 3) of ONLY the faculty who have percents of time assigned to appointments 01 and/or 02.

5. Tally all faculty with appointment codes 01 and/or 02 where FTE salaries are greater than zero.

6. Divide the total faculty with appointment codes 01 and/or 02 (results of step 5) into the total FTE salaries of faculty with 01 and/or 02
appointments (results of step 4) to yield the average nine-month FTE salaries.

Career Services

Chuck Crocker, M.Ed.
Director
Crocker@uhcl.edu
281-283-2596

The mission of Career Services is to guide and to support the members of the university community in the achievement of their educational, vocational, and psychological goals.

Career Services assist students in establishing and/or advancing careers in their degree fields and in finding jobs while they are enrolled in school. The program goals related to these services are:

- Help students and alumni make appropriate educational and career choices;
- Develop and promote experiential education opportunities for students;
- Support students and alumni in their efforts to pursue employment and develop effective job search strategies; and
- Promote a systematic flow of information between the university and the employer community.

Section 6: External & Alumni Relations

University of Houston Clear Lake

Community College Advisory Council

When UHCL was established in 1971, the legislation provided for a statutorily created council of community and junior college presidents to advise the university president. This is the only such statutorily created advisory council in the state of Texas.

The statute provides for the Community College Advisory Council to consist of presidents/chancellors of each tax-supported community and junior college in Harris, Galveston, Fort Bend, Waller, Montgomery, Liberty, Chambers, and Brazoria counties. At the university's initiative, a bill was introduced and passed into law during the 1991 legislative session to add Wharton to the list of counties.

The legislation calls for the advisory council to "periodically study the overall needs of the region … for the development of programs and resources in higher education, and as a result of its studies shall make recommendations to the board of regents of the University of Houston [System] regarding the development of the departments and degree programs of the [University of Houston-Clear Lake]. The board of regents shall give careful consideration to the recommendations of the advisory council."

The interaction of UHCL with its community and junior college partners is widely acknowledged as a state and national model of institutional cooperation and has been instrumental in the success of the university.

Office of UHCL University Advancement

Rhonda Thompson
Associate Vice President
ThompsonR@uhcl.edu
281-283-2018

The University of Houston-Clear Lake Office of University Advancement (UA) provides professional support to the university in the areas of communications, development and alumni relations. Through effective communications, fundraising initiatives and alumni programs, UA partners across the university to enhance the image of the university, garner philanthropic resources for institutional priorities and connect alumni, donors and others to the university.

Office of Development and Alumni Relations

Dwayne Busby
Executive Director
Busby@uhcl.edu
281-283-2019

The UHCL Office of Development and Alumni Relations strives to strengthen the relationships between University of Houston-Clear Lake and its alumni, friends and donors to advance the interests and goals of the university. The office works with UHCL faculty, staff and students to identify events and projects that promote the university's academic mission. Staff members help identify and facilitate opportunities to connect alumni with one another, faculty, students and community partners. The bonds created enhance and increase participation and philanthropic support from our alumni, friends of UHCL, foundations and corporations for the institution's academic goals. The office ensures that all gifts are managed in accordance with donors' wishes and oversees a personalized donor and volunteer recognition program.

UHCL Alumni Association

Founded in 1981, the UHCL Alumni Association represents more than 64,000 alumni. It was created to enhance the pride, loyalty and engagement of its alumni by connecting them to UHCL alumni, student, parents and friends of the university through support services, activities and events. Working in connection with the Office of Development and Alumni Relations, the association promotes the educational programs and objectives of the university by providing alumni opportunities to remain involved with their alma mater. The UHCL Alumni Association supports three endowments – the UHCL Alumni Association Scholarship Endowment for current students, the UHCL Distinguished Alumni Scholarship Endowment for descendants of UHCL alumni and the UHCL Alumni Association Program Endowment to support student programming, faculty research and development. All UHCL graduates and recipients of teacher's certificates are automatically members of the UHCL Alumni Association; no dues are necessary. Lifetime Alumni Membership is available with a one-time contribution of at least $500 which entitles members to exclusive benefits beyond the general alumni association membership.

Office of University Communications

Theresa Presswood
Executive Director
Presswood@uhcl.edu
281-283-2015

The Office of University Communications advances the mission of UH-Clear Lake, enhances the university's image and builds awareness of the institution's major initiatives through the dissemination of news, information and messages to key audiences. A unit of the Office of University Advancement, the office provides a broad range of services in the areas of media relations, social media, web and digital communications, publications, crisis communications, university branding and marketing communications. The office serves as the liaison to other UH System universities and centers on systemwide communications and marketing initiatives.
