INVENTORY FOR THE UHCL SCHOOL OF EDUCATION RECORDS, 1989-1999 (#2004-0011)

This collection of School of Education records was transferred to the University Archives on September 16, 2003. The original collection was housed within five binders and consisted of School of Education committee folders divided into separate years. When processed, the separate years were combined into single folders.

The contents of the two folders at the beginning of the collection called "Committees" were found clipped to the fronts of two binders. As it is unclear as to whether they were meant to remain there or were never filed, they have been kept together as they were found.

The folder labeled "Organization" was found at the front of binder number one and defines how the School of Education is organized.

Processed by Jean Grant, September 2004.

Box	Folder	Title	Dates
1	1	Organization	1991
	2-3	Committees	1991-93, 1995-96, 1998
