September 1975

STUDENT GOVERNMENT

Forest Forum

The Interim Student Government invites your participation in forums to discuss both the proposed Student Association Constitution and the recreation and student service fee priorities.

The meetings will be held in Room 2-532 on 3 different dates and times. The first will be Thursday October 2 from 9-10:15 am. The next will be Tuesday, October 7 at 4:30 pm. The final time for questions answered will be Wednesday October 8 at 9:00 pm. Below is a summary of the duties and responsibilities of the elected members of the proposed Student Association Constitution.

LEGISLATIVE BODY

I. Name: Student Association Council

- A. No stipulation for classification.
- B. Representation is 1% of the enrollment
- C. One year terms

EXECUTIVE BODY

I. Coordinating Committee

- A. President Vice President and Chairpersons from each committee
- B. The Coordinating Committee decides business to be discussed and sends issues to the Council to be voted on

II. Committees

- A. Cultural committee is responsible for the film, lecture and fine arts series schedules and operations

- B. Student Life and Recreation Committee is responsible for the procurement, operation and upkeep of all recreational equipment and facilities

- C. Budget Committee is responsible for compiling the proposed budget requests from the committees and other student organizations. The chairperson of this committee serves as Treasurer

- D. Judicial Committee serves as legal and judicial arm of the Student Association. Parliamentarian will be chairperson of this committee

III. President

- A. Shall preside over the Student Council and shall have no vote except in the case of a tie.
- B. Has the power to release funds that have been allocated and approved by the Council

IV. The Vice President

- A. Serves as a voting member of the Council and Coordinating Committee
- B. Works cooperatively with Chairpersons and shall be responsible for drawing up the agenda

According to the results of the July Forest Forum, most of the UH/CLC students either do not have opinions, or do not want them known. Less than one percent of the student body responded, with the following results

Native State: Texas 42% and several single entries
Home State: Texas 75% and several single entries
Favorite State: Texas 42%, California 17%, Colorado 17%

Politics: Democrats 42%, Liberals 58%, Independents 33%, Conservatives 8% (Republicans, where are you? The percentages do not add up because there were several Liberal democrats and Independent Liberals, etc., and these were counted twice.)

Several good suggestions for future polls were made. If you have any ideas, please submit them along with your opinions. Surveys don't have to be controversial---just about student opinions. Please give us your opinion by filling out this survey and putting it in the Forest Forum box in the Bayou Building Atrium.

Which of the following do you prefer?

Pepsi Cola Other?

Who will be the next U.S. President?

Who should be the next U.S. President?

GUEST EDITORIAL

by David Perez

This year marks the official opening of this university, and we have great potential for growth as is evidenced by the number of students here.

In the fall of 1974, this community attracted 1,750 students. This year we have experienced a population boom with 2,556 students--an increase of 146%.

But what will happen with this large influx of new students? Will last year's obvious student apathy continue to be a reality this year and speed our internal decay?

Or maybe last year was just a gestation period, and we were just experiencing all the discomforts that a pregnant woman suffers to give birth to a new life?

Let's all hope that this large increase in student population will have a different and greater impact on this community than the pioneering students had, and, like a new borne baby, will spring from the sterile environment of last year into a viable and dynamic community of the future.

We are a new institution with great potential for positive growth. Let us hope that this second generation of new students will not be analogous to the positive but limited growth of a retarded child and bring about our own institutional retardation.

REVISED FINAL CLASS SCHEDULE FALL SEMESTER, 1975

FINAL FINAL CLASS SCHEDULE FALL SEMESTER, 1975

Mint Winner

What's an "idlian?" A better question is, who was Euclid?

Gene Goodhart, a graduate management major at UH/CLC, suggested the winning name in the Name the Paper Contest, and wins the mint plant named Alfred. "UHCLidian" is a homonym for Euclidian. Euclid founded the first school of mathematics in Alexandria about 2300 years ago. The Euclidian (box-shaped) geometry of the Bayou Building had nothing to do with the selection of this name.

Gene works at Johnson Space Center in the Advanced Planning Office. He holds a B.S. degree in physics from San Diego State College. His wife Carla, and their two children, Kitty and Genie, live in Nassau Bay.

Our congratulations to Gene, and thanks to everybody who made suggestions.

Student Service Fees Budget

The administration has released a tentative budget for the expenditure of the student service fee funds for the academic year 1975-76. As was reported in the summer edition of the paper, most of last year's money was spent on setting up the nurse's station and paying the salaries of the nurses. There is a carry-over into the medical service budget of \$7500 and the student activities funds of \$8740. All the rest has been spent.

The new \$4 medical fee does not cover the projected expenditure of \$44,500 for the cost of nurses salaries for two shifts, medical work study students and medical supplies. The fee is expected to produce about \$28,000 and with the carry-over, about \$9000 will have to come from the student service fee funds.

The student service fee funds will probably total about \$120,000. From this, the salaries of the Veterans' Counselor, Financial Aid Counselor, two Records Analysts, the Chief Academic Counselor, the Coordinator of Student Services, quarter time of a guidance counselor, and the Placement Counselor are paid. Another standing expense is I. D. cards.

The student life actually budgeted is as follows:

Artist & Lecture Series	\$ 3,500
Cultural Entertainment	\$19,000
Recreational Activities	\$ 6,895

Student Government	\$ 1,500
Student Publication	\$ 1,500
	<u>\$32,395</u>

This \$32,395 is a flexible amount and may be redistributed among the various student life programs as activities are scheduled.

HELP FOR STUDENTS

FAMILY SERVICE CENTER

Family Service Center will help you get your head together. It is located at 16915 El Camino Real, Clear Lake City, in the Beta Building, 488-0526. They offer family, marriage, and financial counseling, and homemaker services.

The homemaker is usually an experienced woman who comes into a family home when a crisis has disrupted a normal living pattern. She stays from 8 am to 5 pm and keeps a household going until mother brings the new baby home or father recovers from injury or until the family can take over again after any crisis. Family Service Center is looking for homemakers in this area. Being an experienced homemaker is the most important qualification.

The cost of all these services is on a sliding scale based on need. United Givers' Fund makes up the rest, about 50%.

Family Service Center has a program they call Family Life Education. They offer a multitude of classes, such as self-esteem, T.A. for divorced persons, and parent training. Counselors are available to speak to groups.

SECURITY

The UH/CLC Security Office is on the first floor of the Bayou Building near the back (student) entrance. There students may buy parking permits, get help starting or opening one's car, or get help with a flat tire. The campus police will also help in getting gas; however, they do not sell it.

Watch for an article in a future UHCLidian about the Security Department---how it works and why.

LIBRARY

The library is now in the Bayou Building, located on parts of the second and third floors. Hours are as follows:

8 am - 10 pm M thru Th
8 am - 5 pm Friday
9 am - 5 pm Saturday
2 pm - 6 pm Sunday

The Library has a staff of twenty, including eight librarians. Walter Wicker is Head Librarian. Mr. Wicker is justly proud of the new library; it is beautiful.

The first level of the library has a large receiving area designed to provide services and information so that the stacks and study areas will be quieter. Most of the books are on the second level and study carrels are in convenient places. There is a Xerox machine on the first level as well as the card catalogue--six tons of it.

A microfilm room will open in October. Its carrels are designed by the library staff for right and left-handed people. There will be no smoking or eating in the library. There are special smoking rooms but as of yet they have no furniture.

PLACEMENT CENTER

Placement

The UH/CLC Career Planning and Placement Service is in Room 1-610 of the Bayou Building, 488 7170, ext. 260.

Gaye Griffith, Career Counselor, recently received a M.Ed. in counseling and guidance from the University of Arizona.

Specializing in student services in higher education, her graduate intern-

GUITAR MUSIC

Eighteen students at UH CLC this fall will be pioneering a new type of music education---using the guitar. Music 3931 (Music in the Public School) will include techniques for all forms of music encountered in typical classroom music studies. The guitar's versatility, mobility, and relatively low cost make it very attractive as a means of music education. One out of every twenty Americans owns a guitar, and there are over three million professional guitar players.

Music 3931 is being taught by Jerry Elliott. Jerry has played the guitar professionally for 13 years on television and in clubs. He has been on the entertainment roster at the White House, State Department, and Embassies in France and Germany. He also composes music and has had six books of poetry published, with his original art work.

The course requires no previous music training, and is open to the entire student body. Emphasis is on an open musical environment to develop the creative capacities of the students.

Guitars and cases for the course were donated by the Norlin Music Company of Chicago. Guitars will be loaned to students without fees for use during the course.

ship was in placement at the University of Arizona. Among the services she offers or plans to offer this semester are job listing (full and part-time), credentials service, employer literature, career library, resume writing and interviewing workshops, on campus interviewing, and career counseling.

Forms are being designed now for the credentials service. This will be a file into which students may put pertinent information for use by potential employers.

HAPPENINGS & FUTURE EVENTS

CHECK, MATE

A chess club is now forming at the UH/CLC with the purpose of giving chess players a chance to get to know each other. Plans are being formulated for a UH/CLC Championship Tournament to be run by Rod Broeker, who is a USCF member and a local tournament director of USCF. Interested people should contact the Student Activities Office, Suite 1-602 for further information.

GET HIGH

The Rockwell Flying Club at Spaceland Airport is now accepting applications for associate members not employed by Rockwell International. The club presently has a Grumman TR-2 for \$11 hour and is planning to acquire a Grumman Traveler for \$15.50 per hours. For further information call Larry Lonero at 333-2030 extension 147.

ARMANDILLO CINEMA PRESENTS

TRIUMPH OF THE WILL, Adolf Hitler's famous propaganda film, will be shown in Room 243E Arbor Building on Thursday night October 9, 1975, at 7:30 pm. Dr. Robert Toplin, a historian, will give a brief introduction to the film.

Hitler's propaganda specialists filmed TRIUMPH OF THE WILL in Nuremberg in the mid-1930's. Scenes of thousands of soldiers, martial music, and Hitler's dramatic appearances before the crowds combine to create an eerie psychological effect in this example of the frightening potential of the movie medium.

T.S.T.A.

A general meeting of the UH/CLC Chapter of TSEA was held from 1:30-2:30 on September 25, 1975, in Rm. 2-515 of the Bayou Building. A film, "The Quiet Revolution," focusing on innovations in teaching was shown and Ms. Patsy Duncan of TSTA spoke on teacher professionalism and ethics.

Carol Bardon, Coordinator of Student Activities, invites all students interested in starting clubs or interest groups to see her in Room 1-602-6. Now there exists a procedure to obtain recognition by the administration for student groups and club activities on campus.

LUCHEON FORUM

Students, faculty, and staff are invited to attend Luncheon Forums beginning Tuesday, September 30. The forums, to be held frequently during the year, will feature guest speakers and informal discussion in a casual atmosphere. Programs will take place at the far end of the cafeteria, and all are invited to bring their lunch along. Some programs will be scheduled on Monday or Thursday and others on Tuesday or Friday in order to accommodate students and faculty class schedules.

The first luncheon forum will be on Tuesday, September 30 at 12:15 pm in the cafeteria and is entitled SEXISM: THE ANDROGYNY STRAIN. Speakers will be Sonia Carmean, Linda Eichblatt, and Linda Muir. The Chairperson will be Dr. Robert Toplin.

NUMBER PLEASE

An accounting club has been organized on the campus of UH/CLC. During the summer a committee of students met several times with Dr. Donald K yle, Associate Professor of Accounting, to form this professional-interest organization and to determine its basic precepts. Officers for the coming year have been elected. They are President, Sharon Maxey; Vice-President in charge of programming, Richard Davis; Vice-President in charge of arrangements, Norma Powell; Vice-President in charge of publicity, Jim Cross; Vice President of membership, Erin Applegate; Vice-President of records, Karen Dickerson; Vice-President of funds, Steve Warren; and student government representative, Susan Van Wie. Dr. Kyle will serve as the faculty advisor of the club.

Membership in the UH CLC Accounting Association is open to any UH/CLC student, undergraduate or graduate, majoring in accounting or interested in the accounting field. The purposes of the organization are to acquaint students with mutual interest with one another, to attract guest speakers in the accounting field to this campus, and to perform service projects that will promote interest and achievement in the accounting profession.

At an organizational meeting on September 17, 1975, the new officers were introduced and plans for the coming year were discussed. Richard Davis, V-P of programming, announced that someone from the job recruiting office of Arthur Young and Company, a public accounting firm in Houston, will be a guest speaker for the organization in October.

The next meeting of the UH/CLC Accounting Association will be held at 5:00 pm on Thursday, October 9, 1975.
