

SKYLAB SERIES**MISCELLANEOUS CHRONOLOGICAL FILES 1965-78**

The Skylab chronological files are miscellaneous reading files collected by the JSC History Office during the writing of the Skylab chronology. This subseries consists of miscellaneous correspondence and memoranda received at the Johnson Space from the public, small contractors, university faculty members, and politicians among others. The majority of the documentation was generated between the years 1970 and 1974. However, some material does exist from as early as 1965 and from as late as 1978. Documents are filed chronologically.
