

WEBSTER HIGH SCHOOL

WEBSTER, TEXAS

REPORT TO PARENTS

193___ - 193___

Name Ballentine, J. A.

Grade 10 Room _____

Teacher

EXPLANATION OF ACADEMIC REPORT

A—excellent; B—good; C—average; D—low rank; F—very low rank;
C—minimum average required

This report is a record of actual achievement, not of achievement relative to the pupil's ability. "C" indicates the achievement of the middle half of a representative class. It signifies satisfactory work in the case of a pupil of average ability.

When a child is marked below "C" in any subject, the parents are requested to see the teacher promptly.

EXPLANATION OF HABIT REPORT

Av., average; + above average; — below average; Imp., improvement

Experience shows that the best results are obtained in cases where the parents make careful study of the reports and discuss them with the children.

The mark "—" indicates that the child is unsatisfactory in the habit so marked.

The mark "Av." indicates that the habit is formed to a fair degree of reliability, but that improvement is still possible.

The mark "+" indicates that the habit seems entirely satisfactory.

No mark indicates either that the habit is not being considered at the time, or that it is not clearly defined on either the negative or the positive side.

Improvement is expected in those habits marked "Av." and "—."

If a child continues to be unsatisfactory in an important habit, parents are urged to consult the teacher as to possible closer co-operation between the home and the school.

[illegible]
