

CENTER SERIES

EQUAL EMPLOYMENT OPPORTUNITY (EEO)

The Equal Employment Opportunity Office was established in March of 1973 and is responsible for planning and administering EEO programs for JSC employees and contractors - a responsibility previously assigned to the Personnel Office. The EEO Officer reports to the Director of Administration with progress reports and program plans for the Center. This subseries contains this documentation for the years 1973 through 1986. Of particular interest are meeting minutes from the EO Council whose members represent NASA Headquarters and each of its installations. The material is organized into two sections arranged chronologically. The first contains correspondence and memoranda and the second consists of reports and studies conducted under the auspices of the EEO Office.
