

SHUTTLE SERIES

NASA HEADQUARTERS DOCUMENTS

Inventory

SubHeading:	Box Number: 1	
	Review of Orbital Transportation Concepts Low Cost Operations (Integrated Launch / Reentry Vehicle Systems; Round Trip Operations)	December 18, 1968
	Space Shuttle Program Requirements Document (Preliminary) Level I	May 18, 1970
	Study Control Document, Space Shuttle System Program Definition (Phase B)	June 15, 1970
	Space Transportation System Overview and Program Plans (Briefing to European Launcher Development Organization)	July 7, 1970
	Working Paper, Evolutionary Concepts for a National Space Transportation System (Shuttle) MO-71-1	May 28, 1971
	The 1973 NASA Payload Model, Space Opportunities 1973 - 1991	October 1973
	Sawhill Briefing, Office of Manned Space Flight Presentation to OMB	August 1973
	Detailed Statement for the Record by Dale D. Myers, Associate Administrator for Manned Space Flight, National Aeronautics and Space Administration to the Committee on Aeronautical and Space Sciences, United States Senate, Fiscal Year 1975	Feb 26, 1974
	Research and Technology Advisory Council, Committee on Space Vehicles, Report of Meeting	Feb 28 - March 1, 1974
SubHeading:	Box Number: 1 *	
	Mission and Economics of the Space Shuttle (Presentation to 4th Eurospace U. S. - European Conference) * This 73 page document has been scanned	September 22, 1970
SubHeading:	Box Number: 2	
	Transcript of Proceedings, National Aeronautics and Space Administration, Space Transportation Briefing, Washington D. C.	June 5, 1974
	Research and Technology Advisory Council, Panel on Space Vehicles, Report of Meeting	Sept 25-26, 1974
	Space Shuttle Program Requirements Document, Level 1, Revision No. 7	October 7, 1974
	Space Shuttle Performance Analysis for Kennedy Space Center	December 20, 1974
	Space Transportation Systems Operations Briefing to the Press	August 11, 1977
	STS Operations Logistics Plan, STS- PD-110.1	May 4, 1978
	Space Transportation System Operations, Program Introduction Document for Support Requirements, STS Program Directive No. 110.2	July 1979
	Office of Space Transportation Systems Monthly Review to	January 16, 1980

SubHeading:	Administrator	
	NASA Space Systems Technology Model Volume 1, System / Program Descriptions and Technology Needs	May 1980
	Box Number: 3	
	NASA Space Systems Technology Model Volume II, Space Technology Trends and Forecasts	May 1980
	NASA Space Systems Technology Model Volume III, Opportunity Systems / Programs and Technologies	May 1980
	OSTS Presentations to Center Directors and Planning Council	June 4 - 5, 1980
	Space Shuttle Flight Test Operations Directive, Revision D	October 1980
	Audit Report, Orbiter Project and Other Selected Aspects of the Space Shuttle Program A-HQ-81-003, 3 Vols.	May 27, 1982
	Secondary Payload Flight Projection	February 1989
