Foreword

A Fact Book provides a compilation of frequently used data and information for both internal and external constituencies for academic, administrative and decision-making purposes. The majority of data compiled for this publication represent the official reporting status of the University of Houston-Clear Lake as of the Fall semester for the current fiscal year (September 1 or the 12th class day). In addition, trend data for the most recent five years are provided. The student section also includes enrollment and student credit hour trends for the past ten years. The 2010 Fact Book also includes a geographical display of students and alumni.

As well as providing commonly used data sets, the fact book displays information in a user-friendly format. Recent publications of the UHCL Fact Book have incorporated many new formats designed to achieve this objective. We have also expanded the Fact Book to move beyond simple quantitative data in order to incorporate more qualitative information about the University, its programs and services. Our hope is that the additional information provides a more comprehensive picture of UHCL and its constituencies.

Please visit the Office of Institutional Research website at http://www.uhcl.edu/oie to access the Fact Book as well as other OIR publications. We hope you will find this document to be a valuable resource for your data needs. Thank you for your interest.

Mission

In the School of Human Sciences and Humanities (HSH) we dedicate ourselves to the study of people, from a variety of perspectives. We foster the ideals of the liberal arts, believing that a broad education provides a student with the best foundation for creating a life that is meaningful and fulfilling. Our programs include both strong theoretical and applied orientations. In addition to helping students understand themselves and their society, we also prepare them for a variety of professional careers.

Education in Human Sciences and Humanities is designed to help students explore a number of significant issues about the human experience.

- How do we understand ourselves in relation to others?
- How do we distinguish what is genuinely personal from what is societal?
- How can we address the challenging processes of value formation and critical thinking?
- Can we develop a more subtle appreciation of collective ideals and notions of the good life, the nature of happiness and how to secure it?
- How do we cope more intelligently with the complexities and problems of modern society?

Please note that targets are rough projections used for LBB purposes, and not necessarily representative of UHCL internal targets for enrollment/SCH.

The LAR – Legislative Appropriations Request is submitted to Legislation every other year. However, Legislation will not always abide

by what an institution submits / projects. Instead they often use what they refer to as an operating budget wish list or what they want an institution to obtain for

budgetary purposes. The LAR is an attempt to provide our best estimate, but often the operating budget list overrides it.

For Mean Number of Terms (to Receive Degree): The CBM009 Extract obtains the Completion terms from the Academic Degree table where the confer date is between the current and previous fiscal year and obtains the Required term from the most recent Academic Program up to the completion term. It then counts the number of terms between the required term and the completion term. Note that the 1st term the student entered the institution is the term chosen, regardless if the student dropped out for a term or more.

Total UHCL Undeclared Majors (UND) Demographics

For Non-Declared Majors a table for totals is provided, however data <u>will not</u> be aggregated by graduate and undergraduate as the THECB has mandated that all graduate must be assigned a major as of Fall 2007. Further, for this report all semester credit hours are generated using the CBM-004 course report which incorporates each rubric into an assigned school; therefore, there are no undeclared SCH to report.

As of Fall 2007 unfunded SCH includes 45+ and 3-peat

[1] First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time. PS data miscoded for fall 07/sum 07. A "No" for this variable would indicate a continuing or returning student. An adjustment was preformed to this item in Spring 2008 to correctly capture new transfer graduates for UHCL.

[2] Residency represents the county, state, or foreign country of which the student is a resident as identified by the student as his/her permanent address at the time of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.
[3] Tuition status indicates the status of the student for tuition purposes. Beginning Fall 2006 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.

School of Business

> Note that the enrollments shown in this report represent duplicative counts because conceivably a student may take more than one course for any particular term. Data for this report is obtained from PeopleSoft query UHCL_OIE_LOCATION_CODE_INFO. A row was added to adjust total PeopleSoft SCH to match certified figures. As of Fall 2010 courses coded as <u>Pearland</u> are taught at the UHCL Pearland Campus not at a Pearland extension center as prior to Fall 2010.

The Health Center provides clients with several no and low cost services, which include, but are not limited to:
- Nursing Assessments
- Health Counseling and Education
- Physician's Services – Internal Medicine and Psychiatry

In addition to these services, the Health Center staff also promotes community outreach service. The Health Center also houses a Class D Pharmacy, which has a limited formulary in order to meet state requirements. The center also offers acupuncture sessions twice a month and offers a "quiet room" which often provides privacy for nursing mothers.

Health Services is comprised of a team of trained medical professionals including physicians, nurses, and support staff. We take pride in our medical capabilities and appreciate the opportunity to provide the University with health services.

Intercultural and International Student Services

Assistant Dean, Student Diversity   281-283-2575
Linda Contreras Bullock   Bullock@uhcl.edu

IISS provides advocacy, guidance, and support to enhance student success. IISS promotes the retention and empowerment of a diverse student population including racial/ethnic groups, first-generation, women, lesbian, gay, bisexual, transgender, international, and underrepresented students. Through educational programs and services, we facilitate the growth of culturally competent, respectful and well-rounded global citizens.

Goals
The goals of the Intercultural & International Student Services Office are to:
- Assist students with their transition to UHCL
- Provide educational and cultural programming and services
- Facilitate student learning and develop leadership skills
- Promote student participation in IISS programs and services
- Enhance and expand university-wide partnerships
- Cultivate collaboration with student organizations
- Increase community outreach and partnerships
- Serve as a referral source and advocate for students
- Foster a supportive mentoring environment
- Encourage life-long learning

Programs and Services
On average, approximately 4,000 students directly participate in IISS sponsored programs and services each year. These programs and services include:

Intercultural Awareness Experiences—On-going educational programs provide the UHCL community participants the opportunity to enhance their global perspectives. We have various programs and events throughout the year that focus on all types of cultures. For example, we sponsor events to recognize Hispanic Heritage Month, Black History Month, etc. We also have an on-going speaker series, Voices of Colour, where we invite guests to speak on various enriching topics.

National Coalition Building Institute (NCBI)—The UHCL-NCBI Campus Affiliate is an alliance of campus members who work together to create a welcoming environment for all groups, build coalitions among people and promote understanding and appreciation of diversity. Diversity training workshops are offered through campus-wide workshops, student organizations and in classrooms.

Student Advocacy—All students with concerns, problems, or students seeking advice may request assistance from the staff of IISS. The staff serves as a resource and advisor to individuals and groups of students. Additionally, when needed, the staff serves as mediator in conflict situations.

Intercultural and International Student Services

Programs and Services continued

    International Student Orientation: New International Student Orientation is held Fall, Spring & Summer on the Thursday preceeding start of classes. It is the first opportunity for International Students to experience all that UHCL has to offer. Orientation provides valuable information that helps ease International Student's transition to the campus and life in the U.S. in general. Each semester, the IISS office hosts an all-day Orientation for all new International Students. Pertinent information regarding admissions, Co-op, insurance, etc. is provided by UHCL staff.

    Resource Center—The Office maintains a collection of periodicals, books, training manuals, newsletters, audiotapes, and videos on a variety of cultural topics. A checkout procedure allows campus community members to use the materials to enhance their educational development.

    Women's and LGBT Services — A program that is committed to providing programs that serve the needs of women and LGBT constituencies. We are dedicated to working with groups of all backgrounds, ages, abilities, and educational status. The program complements the mission of the IISS Office to support and advocate on behalf of all students.

    Celebrating Our Elders (COE)—COE is a scholarship project supported by the University of Houston-Clear Lake. The program builds partnerships between the university, Houston-area high schools, area community colleges and the Hispanic and African-American communities to further their educational opportunities.

Educational Partnerships

A variety of partnerships are undertaken to assist students in their educational growth, including:

- Strictly Speaking Program assists international students in improving their spoken English skills by pairing international students with US students.
- Total Success Plus (TS+) is a mentoring program where students are paired with a UHCL faculty or staff mentor.
- A variety of cultural programs are designed to enhance the campus community members' understanding of different cultural practices, beliefs, and histories. Some of these include Eid, Diwali, Lunar New Year, Cinco de Mayo, Dia de los Muertos, and Cultural Extravaganza. Some of these programs are directly sponsored by IISS, while others are co-sponsored or supported by IISS.

Dean of Students Office

Interim Dean of Students   281-283-2568
David A. Rachita   UHCL.edu/deanofstudents

The Dean of Students Office is committed to providing a student-centered, co-curricular atmosphere that enhances the academic mission of the university, and embraces the belief that learning is not confined solely within traditional classroom boundaries. In choosing UHCL, we hold students to the viewpoint that they have become a part of our community of scholars. As part of the UHCL experience, we expect students to make academics and being involved their highest priorities. Through programs, services, and interactions provided by the Dean of Students Office, students are expected to become citizens, dynamic leaders, and individuals who are guided by sound ethical decision making. We are steadfast in our philosophy to challenge and support UHCL students to broaden their world view in a campus culture that respects individual differences. The Dean of Students staff is responsive to student needs and interests.

Primary Services and Activities

Information Service – This includes distributing information about UHCL, maintaining and producing a Student Services Resource Book, and developing campus resources, flyers, banners, and resource cards. In addition, the office serves as a liaison between UHCL offices and programs

Dean of Students – The Dean of Students assists the university community (i.e., students and faculty) by providing advocacy to resolve conflicts, develop strategies for addressing both individual and campus-wide concerns, and serves as a liaison to other university offices on behalf of the student body. The Dean of Students Office also enforces the Student Code of Conduct and serves as the chief conduct hearing officer for the campus. The dean also develops and initiates retention strategies for the university.

Student Assistance Center (SAC) – The SAC is the first stop for registration assistance and general university information. SAC's primary role is to advocate and aid students in resolving inter-departmental issues. SAC provides assistance with E-Services; adding/dropping classes; explaining fee statements and class schedules; assistance with payment options, help with admissions applications, and assistance with applying for financial aid. SAC also validates student ID cards, updates student records, processes transcripts, and more.

Current Initiatives
- Promote an understanding and appreciation for the University Level Student Learning Outcomes.
- Design and implement the Student Assistance Center (i.e., "One Stop Shop" concept), which is located in the new student services classroom building.
- Create a comprehensive retention plan for the University and Student Services under the auspices of the Strategic Enrollment Management Team that will further the mission of both the University and the division.
- Continue to explore ways to enhance student services and programs through the use of technology

Community College Advisory Council
2010-2011

When UHCL was established in 1971, the legislation provided for a statutorily created council of community and junior college presidents to advise the university president. This is the only such statutorily created advisory council in the state of Texas.

The statute provides for the Community College Advisory Council to consist of presidents/chancellors of each tax-supported community and junior college in Harris, Galveston, Fort Bend, Waller, Montgomery, Liberty, Chambers, and Brazoria counties. At the university's initiative, a bill was introduced and passed into law during the 1991 Legislative session to add Wharton to the list of counties.

The legislation calls for the advisory council to "periodically study the overall needs of the region … for the development of programs and resources in higher education, and as a result of its studies shall make recommendations to the board of regents of the University of Houston [System] regarding the development of the departments and degree programs of the [University of Houston-Clear Lake]. The board of regents shall give careful consideration to the recommendations of the advisory council."

The interaction of UHCL, as an upper-level university, with its community and junior college partners is widely acknowledged as a state and national model of institutional cooperation and has been instrumental in the success of the university.
