**Biographical/Historical Note (545)**

The Debbie Carter Papers consist of documents from the US and Canadian space programs, dating from 1958 to 1986. The collection documents the working relationship between the two nations, and includes information about the Canadian satellite 'Alouette' and the Remote Manipulator System subcontracted by a Canadian company for the NASA Space Shuttle program. The papers also include text and notes from interviews of NASA executives Robert Day, Al Louviere, Clay McCullough, and Kemble Johnson.
