Biographical/Historical Note

Beryl Striewski attended college at Michigan State University where she received a BA in Criminal Justice in 1978. After one year as a probation officer in Dallas, she began transitioning into photography. In 1985, she received a master's degree in art with a photography emphasis and moved to Houston to begin an apprenticeship with a commercial photographer. In 1987 she opened her own photography business with the help of an NEAA grant.

Scope and Contents

Photographs taken by Beryl Striewski for the Office of Communications to be used in UHCL publications, including the biannual Egret and the annual Report to the Community. Photographs were also taken to provide stock photography for use by UHCL. Original folders in their original order are grouped by the project, including release forms.

Photos consist primarily of black and white contact sheets and color slides. Some color transparencies and black and white or color prints may be found. Photographs were not re-housed, as most of the slides were donated housed in stable archival enclosures.

Arrangement

Original images were kept in large spiral notebooks in the Office of Communications. Before transfer to the UHCL Archives, the media was removed to folders and grouped by the project. Four series maintain the original order; Egret, Report to the Community, Stock Photography, and Photo Releases. Folders are grouped in chronological order and then alphabetical order.
